Dear House Tourism, Outdoor Recreation and Natural Resources Committee:

I am writing to urge that you do not allow a moose hunting season in Michigan at this time. My family and I drove through the UP two summers ago looking for moose and did not see a single one! There simply are not enough moose to sustain a hunting season on them at this time. To open such a season would be incredibly irresponsible stewardship.

Thank you.

Sincerely,

Doug & Jodi Louth
Saline, MI 48176
